

Lion

This presentation is about Animals like Lion Big Simba

Lions are king of the jungle

- We say this because their personality is like a leader personality.
- They are apex predator, meaning they are animals that naturally prey on other animals.
- They live in Africa but on the south of the Sahara Desert, India.

Lions in films.

- ▶ Simba is a lion in the old school Disney film The Lion king.
- ▶ He becomes the king of the Jungle.
- ▶ He has to challenge his uncle Scar that killed his father.
- ▶ His friends are called Timon and Pumba.
