attenzione e come bambini passavamo le ore a guardare un albero o una mucca. Andrea non resisteva mai a lungo nel contemplare una cosa: di qualsiasi natura fosse, doveva toccarla, palparla, maneggiarla. In questo modo prendeva coscienza della forma esteriore e della struttura interna delle cose ma soprattutto, considerandole in quel momento intensamente, lui ne raggiungeva il cuore.

Quando poi si metteva a disegnare, era come se lui fosse in quel momento il soggetto del disegno, e ogni suo nervo e muscolo si tendevano nell'alta concentrazione di vivere in quell'istante in quell'aquila, o di salire su
